PATRICIA BRINSON

Johnson City, Tennessee
(423) 426-0217 | brinsonp@oregonstate.edu

PROFESSIONAL SUMMARY

Computer Engineering student and experienced healthcare operations professional transitioning toward data science and technology. Brings more than 15 years of experience reviewing healthcare information, identifying discrepancies, monitoring operational performance, supporting regulatory compliance, and improving administrative processes. Currently developing foundational skills in computer engineering, programming, data analysis, and computational problem-solving, with particular interests in healthcare data and technology.

EDUCATION

Bachelor of Science in Computer Science, Cybersecurity Option
Oregon State University | Degree in Progress

Relevant Coursework: Introductory Computer Engineering and Data Science

PROFESSIONAL EXPERIENCE

Assistant Practice Administrator / Interim Practice Administrator

ETSU Health Pediatrics | Johnson City, TN | December 2022–Present

- Support daily clinical and administrative operations for a high-volume pediatric practice serving approximately 120 patients each day.
- Review staffing levels, patient schedules, workflows, revenue-cycle activity, and performance information to identify operational needs and improvement opportunities.
- Monitor claim denials, documentation, and compliance measures to help maintain accuracy and support organizational performance.
- Supervise and mentor approximately 25–30 clinical and administrative employees while coordinating responsibilities and communicating expectations across teams.
- Collaborate with clinical, administrative, information technology, and compliance personnel to address operational concerns and maintain efficient workflows.

Front Office Manager / Certified Coder

ETSU Health Pediatrics | Johnson City, TN | May 2019–December 2022

- Reviewed medical documentation, diagnosis and procedure codes, billing information, and insurance requirements to improve claim accuracy and support appropriate reimbursement.
- Analyzed claim denials and billing issues to identify recurring patterns, investigate causes, and recommend process improvements.
- Managed patient scheduling, payroll activities, employee coordination, administrative reporting, and daily front-office operations.
- Maintained accurate records and documentation in accordance with HIPAA requirements, organizational policies, and healthcare regulations.
- Communicated with patients, staff, providers, and insurance representatives to resolve documentation, scheduling, and reimbursement concerns.

Medicare Audit Representative

Mountain States Health Alliance | Johnson City, TN | June 2015–March 2018

- Reviewed Medicare accounts, reimbursement information, medical documentation, and audit records to verify accuracy and regulatory compliance.
- Identified payment discrepancies and documentation concerns through detailed account analysis and investigation.
- Researched reimbursement issues and communicated findings to appropriate departments to support timely resolution.
- Prepared reports and maintained organized records to support financial reviews, compliance audits, and audit readiness.
- Applied careful attention to detail when working with confidential healthcare, financial, and patient information.

SKILLS

Technical and Analytical: Microsoft Excel, data review and interpretation, performance monitoring, trend and discrepancy identification, process improvement, healthcare information systems, electronic health records, revenue-cycle analysis, ICD-10-CM and CPT coding, foundational programming concepts

Professional: Analytical problem-solving, leadership, staff supervision, communication, project coordination, cross-functional collaboration, attention to detail, organization, and adaptability
